☒ Make custom request

Medication request notes

You can use this field to include notes with your request. If you require a reply from the practice please include contact details (please check with the practice regarding their policy on contacting online users).

Notes entered into this field may be visible to all staff at the practice

Request Medication

Step 3. Make the request by ticking what you need, any not appearing can be written in the request note box.

Request Medication

The following medications are about to be requested. You should check that these are correct, add notes as required, and press the 'Request Medication' button to complete the request.

Once your request has been submitted, a member of staff at the practice will process your request and issue the prescriptions ready for collection.

Drug	Notes
Omeprazole 20mg gastro-resistant capsules 28 capsule - take one daily Last Issued: Never

Request Medication

Step 4. Confirm the request

Please note: You must ensure that you confirm the request for the medication on the second page. This ensures that the request is sent through to the surgery. Failing to do this will result in the medication not being processed.
